PRINCIPLES

- Potential risks are identified and managed with a planned response in case of an emergency. To this end the following points are to be considered/addressed:-

- Excursions must have an acceptable level of educational and social-emotional relevance.
- Excursions/camps are to be inclusive and all students are to be given the opportunity to participate. Should there be legitimate circumstances where a child/children cannot participate the care of that child/children will rest with the parents/caregivers for the duration of the activity.
